Best Practices for finding Wayfair SKU# for reference in Extranet tickets.

When looking at products from our "Browse by Brand" page:
- The best method for determining sku number from our browse by brand page is to reference the URL of the product, while hovering over the product image.
- With cursor over product image, please reference the link that appears in your browser
  o Note: This example was created using Google Chrome

- If you are using a browser that doesn't display links, the best method would then be to click into the actual product page.

## When looking from a Wayfair SKU Product Page:
- Once you are within an individual product page, there are several places to reference Wayfair SKU #
- The first will be the link that now displays in your browsers search bar:
- SKU# is also stored in the top right corner of the page:

- Lastly, if all else fails, you can scroll to the bottom of the product page in our "Reference" section:
